

BUSINESS PARTNERSHIP PROGRAM Check Fraud Service

One of the most critical tasks you perform today is detecting check fraud on your business accounts. Our check fraud service gives you the information you need to know *today* about the checks presented against your account and helps prevent payment of fraudulent items.

- Reviewing items on a daily basis allows you to detect fraudulent items before they are paid
- Online* access makes it easy to review activity
- Online* check images (front and back) give you additional information to make a quick and accurate decision
- You tell us what checks to return and the rest will be paid
- Reviewing checks daily reduces time spent at month end reconciling your account

*If you prefer, fax reporting is also available
